Arconic Wheel and Transportation Products

BYD electrifies public transport and goes green with Alcoa Wheels

"Alcoa Wheels greatly matches with our company vision of Drive More and Save More.", says Isbrand Ho, Managing Director at BYD Europe. "The wheels positively influence capacity by allowing more people on the bus and immediately reduce operating costs as we experience fewer replacements of tyres and wheels."

.... [Full story](#)

In Hungary every kilo counts from now on

Road safety will always be a priority. The Government of Hungary recently initiated the National Axle Weighing System. The purpose of the system is to detect the offenders in traffic without even stopping the vehicle.... [Full story](#)

**NEW: Alcoa Wheel 19.5x14.00
offset 120mm**

The 19.5x14.00 offset 120 mm wheel is the lightest in its class. The wheel only weighs 21.6 kg compared to 44 kg of the steel equivalent. ... [Full story](#)

**We wheely appreciate the
efforts from our distributors**

Success doesn't just come and find you, you have to go out and get it. Also this year we rewarded 3 Alcoa Wheels Distributors for their excellent performance. Congratulations to Ignotus D O O, Bulthuis Truck- en Traileronderdelen and Alwheel s.r.o.! [Full story](#)
